(S) representatives of [redacted] countries. The plan was to go into effect following armed attack on the United States b1 or in the event of probable declaration of war as determined b7E by the President. The plan called for the FBI to [redacted] and for the issuance by the Attorney General of a general search warrant for forcible entry into diplomatic establishments. [redacted]

[redacted] Referral/Consult

The Office of Chief of Protocol of the Department of State was charged with coordinating policy and the Office of Security of the Department of State was charged with directing the plan's implementation. Since its creation in 1954 the FBI b7E has [redacted] and prepared monthly lists of those designated for internment in the event of hostilities. In addition, establishment field offices estimate each month the degree of local police cooperation required.

The last review of these plans by the Department of State was on 2/11/72. Since that time the FBI has asked Department of State to update the plan and to address countries not previously included. Former Attorney General Levi's views were sought and he advised that he had no objection to the Bureau pursuing updating with State but he did not wish the list to be called a "detention list." Attorney General Levi also cited Title 50 USC 21 with regard to the detention of aliens.

Title 50 USC 21 reads as follows:

"Whenever there is a declared war between the United States and any foreign nation or government, or any invasion or predatory incursion is perpetrated, attempted or threatened against the territory of the United States by any foreign nation or government, and the President makes public proclamation of the event, all natives, citizens, denizens, or subjects of the hostile nation or government, being of the age of fourteen years and upward, who shall be within the United States and not actually naturalized, shall be liable to be apprehended, restrained, secured, and removed as alien enemies. The President is authorized in any such event, by his proclamation thereof, or other public act, to direct the conduct to be observed on the part of the United States, toward the aliens who become so liable; the manner and degree of the restraint to which they shall be subject and in what cases, and upon what security their residence shall be permitted, and to provide for the removal of those who, not being permitted to reside within the United States, refuse or neglect to depart therefrom; and to establish any other regulations which are found necessary in the premises and for the public safety."

Memorandum to Mr. W. O. Cregar
Re: Plan of Action for Interning
Enemy Diplomatic Consular,
United Nations and Official
Personnel in the Event of War
(PRODIP)

It is clear that the perception of the threat has changed dramatically since the 1950's when such hostilities were viewed in the terms of conventional warfare. In today's environment of preemptive nuclear attack the plans of the 1950's are clearly unrealistic. It is clear therefore that PRODIP has outlived its day and all FBI PRODIP preparations and reporting should cease.

U. S. signed Vienna Convention (VC) in 1972, which is interpreted by USDS as allowing diplomats to depart U. S. in event of conflict, although President could negate VC if he deems it in national interest. VC does not prohibit arrests of those not having immunity nor does it prohibit surveillances. FBI asked to send letter to USDS requesting USDS position and an updating of captioned program.

[redacted] and for the issuance b7E
by the Attorney General of a general search warrant for forcible entry into diplomatic establishments. [redacted]

Referral/Consult

The Office of Chief of Protocol of the Department of State was charged with coordinating policy and the Office of Security of the Department of State was charged with directing the plan's implementation. Since its creation in 1954 the FBI b7E
has [redacted], [redacted],
and prepared monthly lists of those designated for internment in the event of hostilities. In addition, establishment field offices estimate each month the degree of local police cooperation required.

The last review of these plans by the Department of State was on 2/11/72. Since that time the FBI has asked Department of State to update the plan and to address countries not previously included. Former Attorney General Levi's views were sought and he advised that he had no objection to the Bureau pursuing updating with State but he did not wish the list to be called a "detention list." Attorney General Levi also cited Title 50 USC 21 with regard to the detention of aliens.

Title 50 USC 21 reads as follows:

"Whenever there is a declared war between the United States and any foreign nation or government, or any invasion or predatory incursion is perpetrated, attempted or threatened against the territory of the United States by any foreign nation or government, and the President makes public proclamation of the event, all natives, citizens, denizens, or subjects of the hostile nation or government, being of the age of fourteen years and upward, who shall be within the United States and not actually naturalized, shall be liable to be apprehended, restrained, secured, and removed as alien enemies. The President is authorized in any such event, by his proclamation thereof, or other public act, to direct the conduct to be observed on the part of the United States, toward the aliens who become so liable; the manner and degree of the restraint to which they shall be subject and in what cases, and upon what security their residence shall be permitted, and to provide for the removal of those who, not being permitted to reside within the United States, refuse or neglect to depart therefrom; and to establish any other regulations which are found necessary in the premises and for the public safety."

Re: Plan of Action for Interning

It is clear that the perception of the threat has changed dramatically since the 1950's when such hostilities were viewed in the terms of conventional warfare. In today's environment of preemptive nuclear attack the plans of the 1950's are clearly unrealistic. It is clear therefore that PRODIP has outlived its day and all FBI PRODIP preparations and reporting should cease.
